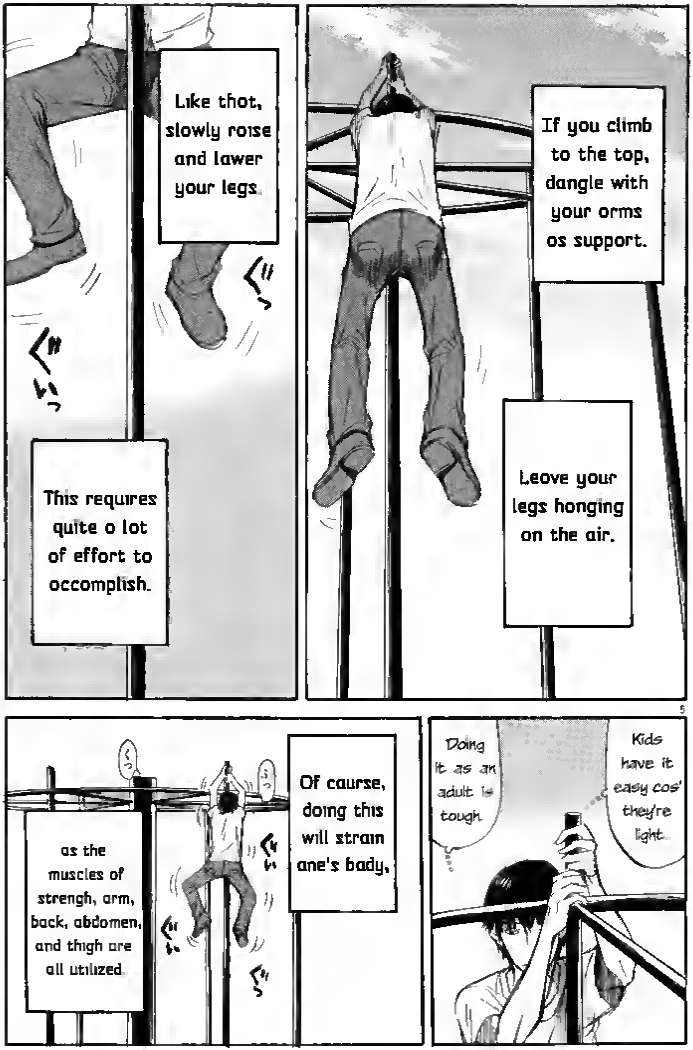
On my first sex,
I just went with the flow and let her take the lead
Since I didn't know anything
ok

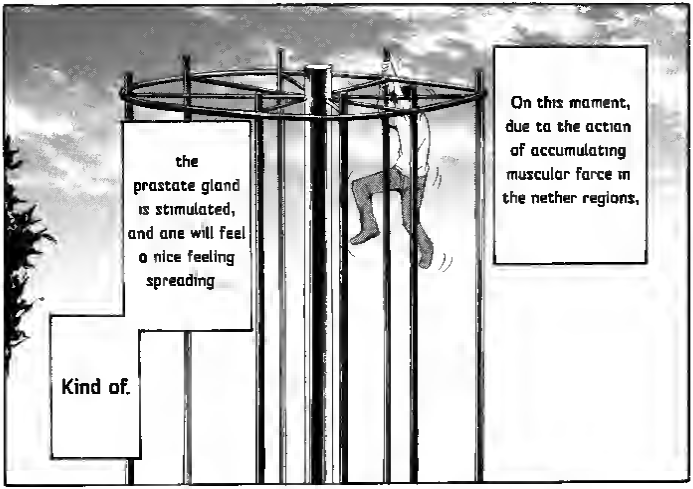
STEP.5: CLIMBING BARS

AND
I'M AT THE TOP ALREADY.
WELL, IT'S FOR KIDS AFTER ALL
ONCE MO-RE!

Maybe I shouldn't have trusted what people says on the damn net so much
Maybe, doing this by myself is really pointless
I didn't feel anything good
Well, of course,
you don't use your hand at all
When doing it at the climbing bars, it's better to have your penis not in erect state



Like that, slowly raise and lower your legs.
This requires quite a lot of effort to accomplish.
If you climb to the top, dangle with your arms as support.
Leave your legs hanging on the air.
Of course, doing this will strain one's body,
as the muscles of strength, arm, back, abdomen, and thigh are all utilized
Doing it as an adult is tough
Kids have it easy cos' they're light



On this moment, due to the action of accumulating muscular force in the nether regions,
the prostate gland is stimulated, and one will feel a nice feeling spreading
Kind of.

A pull-up position is fine too

HUSH
But man,
will this really work?

...ah.....

I
Kinda,

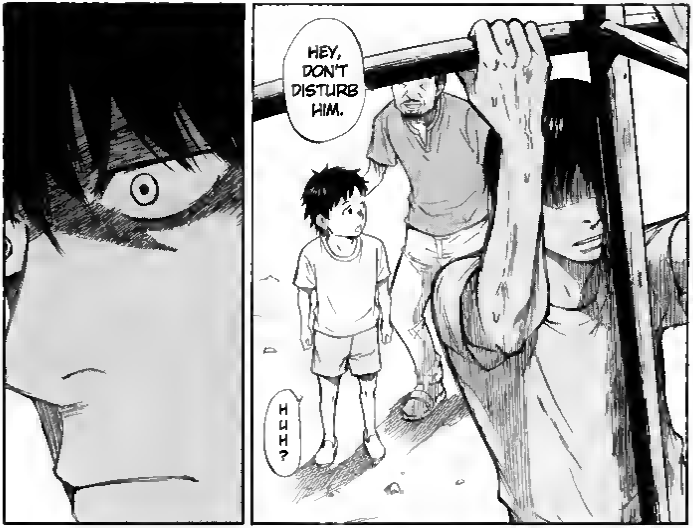
seco-
nd
came

It's different
Compared to the feeling that I get when having sex,
it's different somehow
Is this it?

But, if it's just this ...
It doesn't really worth the effort, does it?
It does feel good, I guess
MISTER, WHAT ARE YOU DOING?



HEY, DON'T DISTURB HIM.
HUH?

USED TO DO THAT LOTS TOO, WHEN I WAS YOUNG.

Want to go see a movie?
THIS TIME...
Hey, Youchi.

YE-AH.

LOOK, IT'S MY NEW SWIM-SUIT.

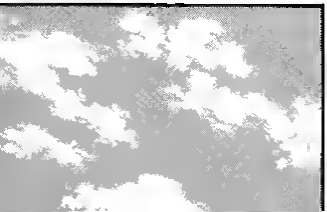
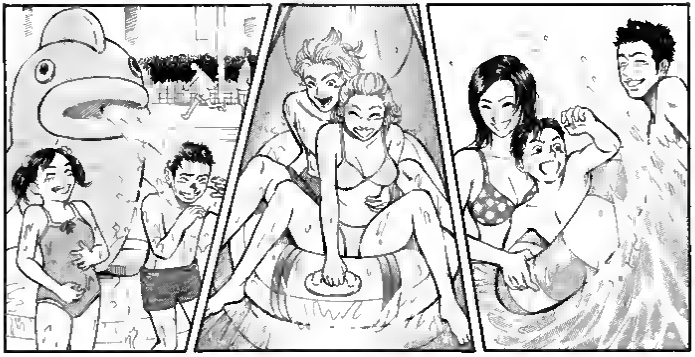
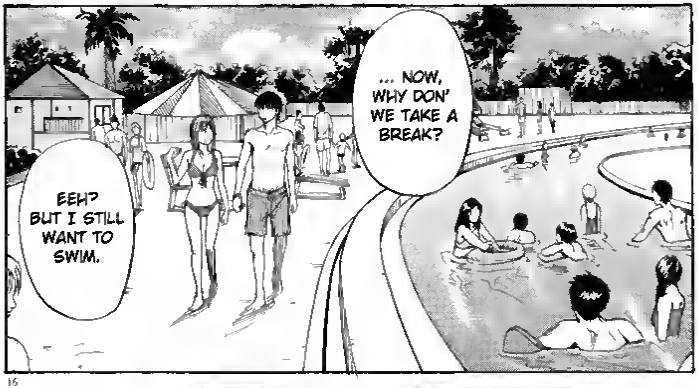
WHERE SHOULD WE START?
THERE ARE MANY KINDS OF POOLS HERE.



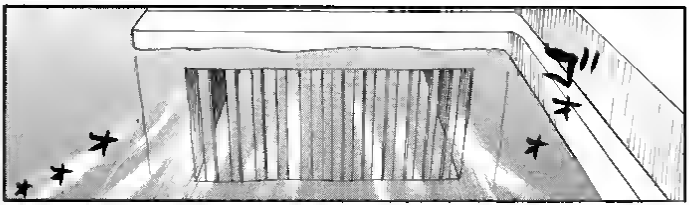


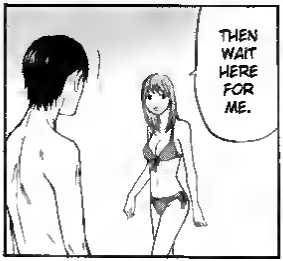


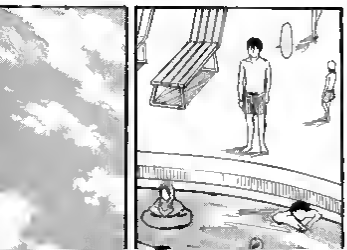
... NOW, WHY DON' WE TAKE A BREAK?
EEH? BUT I STILL WANT TO SWIM.

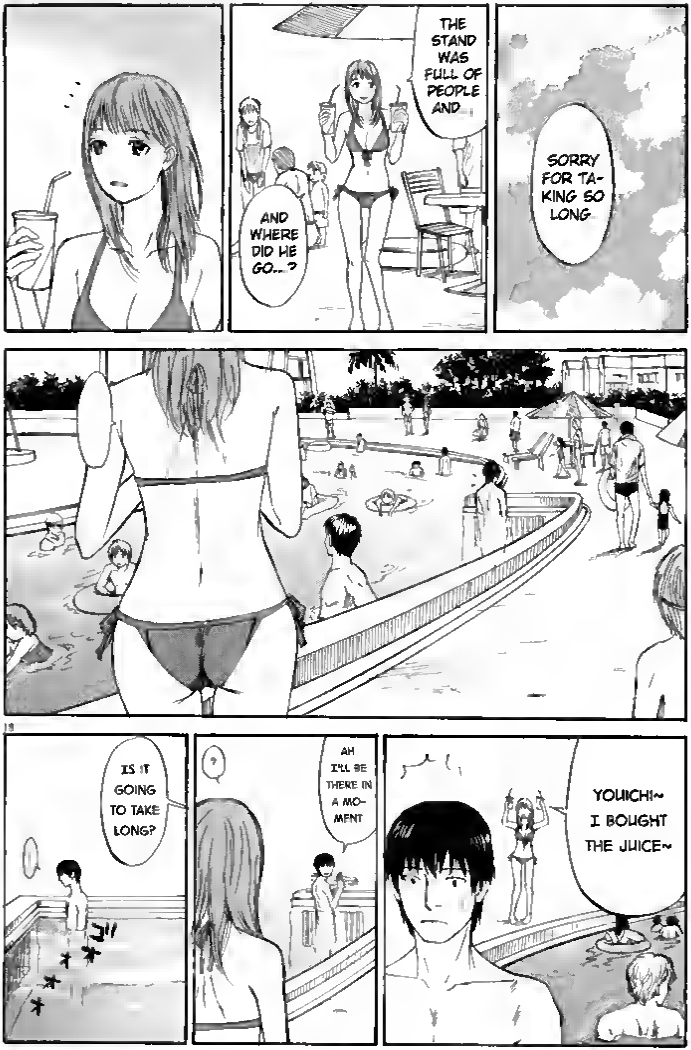
Forget climbing bars
Is there any other way to do it?

61. My first masturbation was when I went to a pool. I stood in front of the hole where water flows in from, and the water current, by chance, hit my dick. It felt so good that I came right there. Nobody realizes what I'm doing. Whenever I go to other pools, I instinctively search for









SORRY FOR TA-KING SO LONG
